

Introduction

This report aims to overview and recommend suitable hardware and software solutions for team members of a new local IT company.

Start-up company Odyssey specializes in making mobile applications for Android and IOS. A variety of applications includes health-tracking utilities, meditations and yoga, workout and weight-loss programs. Odyssey team consists of 1 Project Manager, 2 UI/UX Designers, 2 Android Developers, 1 Apple Developer, and 1 QA Software Tester. While the company is relatively new and has a limited budget, it still owns a small office in the center of the Tashkent.
